INFORMATION DISCLOSURE STATEMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Applicant submits herewith Form PTO-1449, "Information Disclosure Statement" and copies of each reference listed herein. This Information Disclosure Statement is being filed before the mailing date of a First Office Action on the merits.

The references listed on the accompanying Form PTO-1449 were cited by the European Patent Office in an European Search Report in a counterpart foreign application, a copy is enclosed herein.

It is respectfully requested that the cited information be expressly considered during the prosecution of this application, and that the references be made of record therein and appear among the "references cited" on any patent to issue therefrom.

U.S. Serial No. 10/707,539

Respectfully submitted,

MARKUS REITER

A handwritten signature in cursive script, reading "Lisa J. Wunderlich", is positioned above a horizontal line.

Art Unit	Unit Title	Unit Description	Unit Objectives	Unit Activities	Unit Assessments	Unit Resources	Unit Materials	Unit Notes
1	Unit 1: Introduction to Art	Introduction to Art and the Art Process	Students will understand the elements and principles of art.	Students will create a simple artwork using the elements and principles of art.	Students will be able to identify and describe the elements and principles of art.	Students will be able to create a simple artwork using the elements and principles of art.	Students will be able to create a simple artwork using the elements and principles of art.	Students will be able to create a simple artwork using the elements and principles of art.
2	Unit 2: Drawing	Drawing Techniques and Materials	Students will understand the elements and principles of drawing.	Students will create a simple drawing using the elements and principles of drawing.	Students will be able to identify and describe the elements and principles of drawing.	Students will be able to create a simple drawing using the elements and principles of drawing.	Students will be able to create a simple drawing using the elements and principles of drawing.	Students will be able to create a simple drawing using the elements and principles of drawing.
3	Unit 3: Painting	Painting Techniques and Materials	Students will understand the elements and principles of painting.	Students will create a simple painting using the elements and principles of painting.	Students will be able to identify and describe the elements and principles of painting.	Students will be able to create a simple painting using the elements and principles of painting.	Students will be able to create a simple painting using the elements and principles of painting.	Students will be able to create a simple painting using the elements and principles of painting.
4	Unit 4: Sculpture	Sculpture Techniques and Materials	Students will understand the elements and principles of sculpture.	Students will create a simple sculpture using the elements and principles of sculpture.	Students will be able to identify and describe the elements and principles of sculpture.	Students will be able to create a simple sculpture using the elements and principles of sculpture.	Students will be able to create a simple sculpture using the elements and principles of sculpture.	Students will be able to create a simple sculpture using the elements and principles of sculpture.
5	Unit 5: Printmaking	Printmaking Techniques and Materials	Students will understand the elements and principles of printmaking.	Students will create a simple print using the elements and principles of printmaking.	Students will be able to identify and describe the elements and principles of printmaking.	Students will be able to create a simple print using the elements and principles of printmaking.	Students will be able to create a simple print using the elements and principles of printmaking.	Students will be able to create a simple print using the elements and principles of printmaking.
6	Unit 6: Photography	Photography Techniques and Materials	Students will understand the elements and principles of photography.	Students will create a simple photograph using the elements and principles of photography.	Students will be able to identify and describe the elements and principles of photography.	Students will be able to create a simple photograph using the elements and principles of photography.	Students will be able to create a simple photograph using the elements and principles of photography.	Students will be able to create a simple photograph using the elements and principles of photography.
7	Unit 7: Digital Art	Digital Art Techniques and Materials	Students will understand the elements and principles of digital art.	Students will create a simple digital artwork using the elements and principles of digital art.	Students will be able to identify and describe the elements and principles of digital art.	Students will be able to create a simple digital artwork using the elements and principles of digital art.	Students will be able to create a simple digital artwork using the elements and principles of digital art.	Students will be able to create a simple digital artwork using the elements and principles of digital art.
8	Unit 8: Art History	Art History Techniques and Materials	Students will understand the elements and principles of art history.	Students will create a simple art history project using the elements and principles of art history.	Students will be able to identify and describe the elements and principles of art history.	Students will be able to create a simple art history project using the elements and principles of art history.	Students will be able to create a simple art history project using the elements and principles of art history.	Students will be able to create a simple art history project using the elements and principles of art history.
9	Unit 9: Art Appreciation	Art Appreciation Techniques and Materials	Students will understand the elements and principles of art appreciation.	Students will create a simple art appreciation project using the elements and principles of art appreciation.	Students will be able to identify and describe the elements and principles of art appreciation.	Students will be able to create a simple art appreciation project using the elements and principles of art appreciation.	Students will be able to create a simple art appreciation project using the elements and principles of art appreciation.	Students will be able to create a simple art appreciation project using the elements and principles of art appreciation.
10	Unit 10: Art Criticism	Art Criticism Techniques and Materials	Students will understand the elements and principles of art criticism.	Students will create a simple art criticism project using the elements and principles of art criticism.	Students will be able to identify and describe the elements and principles of art criticism.	Students will be able to create a simple art criticism project using the elements and principles of art criticism.	Students will be able to create a simple art criticism project using the elements and principles of art criticism.	Students will be able to create a simple art criticism project using the elements and principles of art criticism.
